Set up Charges	\$0	\$0	\$0	\$0

THE FINE PRINT:

THE FINE PRINT: ¹ Not available in all areas or to all customers. ² Early termination fees of the monthly access fee, by months remaining on the agreement will apply. ³ Power Networkx will provide you with an Antenna to access the service. The Antenna remains the property of Power Networkx at all times. ⁴ The Maximum speeds achievable will depend upon your distance to our transmission towers. ⁵ Availability depends on the line of sight between your premises and the Internet transmission towers. After you sign up, we will complete an electronic site survey to determine your eligibility and you will be advised whether you can be connected. This is done at no charge to you. ⁶ You must obtain the consent of the property owner to have the Fixed Wireless installation performed including our Antenna. ⁷ We will need access to your roof for measurement and attaching the antenna, if there is no fire escape or hatch access to your roof, an elevated work platform will be required at your expense.
