

Make your business memorable
with 13, 1300 or 1800
INBOUND NUMBERS

Why you should choose Power Networkx INBOUND NUMBERS

PERTH-BASED SUPPORT

Our support team are all based locally in Perth and are experts in inbound numbers so that your enquiries are answered quickly and promptly.

PROFESSIONALISM

Business inbound numbers provide a professional image to your business and a national presence.

SMART CALL ROUTING

Route calls based on the caller's location to different territories or destinations.

MEMORABLE

Make your inbound business number stand out from the crowd with a memorable 13/1300 or 1800 number that your customers won't forget.

✓ 1300 NUMBERS

A ten-digit number beginning with 1300, offering callers a nominal fixed cost when dialing from a landline. Mobile callers incur a similar fixed rate or a per-minute charge based on their mobile service provider.

✓ 1800 NUMBERS

A ten-digit toll-free number starting with 1800, enabling callers to dial for free from landlines and increasingly offered as free with certain mobile calling plans.

✓ 13 NUMBERS

Often referred to as "13" numbers, these six-digit numbers starting with 13 are akin to 1300 numbers. The key distinction lies in the additional Government levy (Annual Numbering Charge), which is applied monthly alongside the standard access fee due to the premium nature of these numbers (not to be confused with Smartnumbers®, which are separate).

✓ 18 NUMBERS

The rarest of the four number types, 18 numbers are six digits in length, resembling 13 numbers but mirroring the 1800 counterpart in allowing callers to dial without incurring charges. Similar to 13 numbers, 18 numbers also involve a monthly Government levy.

PLAN DETAILS

	13 NUMBER	1300 NUMBER	1800 NUMBER
Monthly access fee	\$925	\$25	\$25
Local number	10c per min	10c per min	10c per min

THE FINE PRINT:

¹The Service – Power Networkx Inbound services are virtual, transportable numbers which point to a national fixed number or mobile number, which offer your customers the convenience of low-cost untimed calls to your business from most phones in Australia. Power Networkx's Standard Form of Agreement, Fair Use and Acceptable Use Policies apply, see powernetworkx.com.au/Policies or contact Customer Service. ² To access the Service, you will need an additional Fixed Line, SIP Voice or Mobile telephone service (not included). ³ Minimum Total Costs = (Contract length x Monthly Fee) + set up fee + any applicable equipment purchased. Delivery costs may apply for some equipment. ⁴ Transfer – Porting charges may apply if you wish to transfer your current inbound number. Please be aware that you may be charged a fee by your existing provider. ⁵ Termination – If you choose to cancel your service or it is disconnected for any reason within the contract term you will be charged an Early Termination Fee (ETF) comprised of 50% of your minimum monthly commitment (Minimum Monthly Charge + Additional Monthly Charges), multiplied by the months remaining in your contract. ⁶ Information and pricing correct at time of printing.
