INFORMATION ABOUT THE SERVICE

SERVICE DESCRIPTION

This is a post-paid data-only mobile service, which gives you access to mobile data for use in a compatible device for internet access.

MINIMUM TERM

These plans are available on a month to month term.

AVAILABILITY

The service will only work in areas with sufficient 4G mobile data coverage. Some plans are also able to utilize 5G mobile networks, as indicated in the table below (capped speeds apply). WHAT'S INCLUDED AND EXCLUDED

DATA BANK

Retain up to 500GB of unused data and carry it forward into the next month, giving you more data to use than just your allocated quota. Banked data cannot be used while roaming overseas. Any unused data at the end of the month which would exceed the maximum allowed balance of 500GB is forfeited.

Downgrading to a smaller plan, changing to a plan which does not support Data Banking, cancelling or porting away your service from us will forfeit any banked data. Any banked data cannot be “gifted” or transferred to another service. Data Banking is not available on the 400GB plan.

4G & 5G NETWORK ACCESS

All plans are accessible over 4G, with some plans as listed in the table below also including access to the 5G network (capped speeds apply).

This service cannot be used for making calls and sending SMS/MMS to domestic or international numbers, directory services, satellite numbers, video MMS, Machine to Machine, eSIM capabilities or when roaming overseas.

Static IP addresses are not available for these services.
